How do I register for an event*?

You must first login at epflcareer.ch. Then go to events and click on the event you are interested in. Click on the button "register" or "apply". If it is an event with "registration", you will automatically be registered and will receive a confirmation e-mail. If it is an event for which you need to apply, it means that participation is limited and additional documentation is probably required. The employer or organizer will decide who may take part in the event. You will receive an e-mail, which will inform you if you were selected or not.

Yes, you can cancel your registration until the deadline for cancellation. You need to login, go on "My registrations". Next to the event, you will see the button "Cancel"

How do I book an individual counselling session?

You need to login and choose “Career Counselling” on the top menu, then select “Counselling services”. Once there, please check first “Helpful resources”. If you still need to speak to a career advisor please choose between attending a walk-in session (short meeting without appointment) or requesting an individual advisory meeting. If your request is accepted, you will receive a link to book an appointment.

For postdocs: to schedule an interview, please contact your advisor:
